## ARCHAEOLOGY, HISTORY AND SCIENCE: UNLOCKING THE MYSTERIES OF THE TERRACOTTA ARMY

*Professor Marcos Martínón-Torres* 馬可教授

### Abstract

Heavily armed and stationed outside the mausoleum of China's First Emperor over 2200 years ago, the Terracotta Army is one of the most important archaeological discoveries of all time, and an endless source of mysteries. Why were the warriors placed there? How were they made? How were materials, knowledge and labour organised to create something so extraordinary? Working together, archaeologists, historians and scientists can now provide answers.
