提要

孫中山不只是一個近代人物，也是一個持續傳承的公共符號。從個體肉身到公共符號的轉變，見證了近代中國人公共生活模式的變遷，濃縮了中華民族發展史上的一段共同經歷和情感記憶。

ABSTRACT

Sun Yat-sen is not only a modern figure, but also a public symbol that continues to be passed down. The transformation from individual physical body to public symbol has witnessed the changes in the public life mode of modern China, and condensed a common experience and emotional memory in the development of the Chinese Nation.
